Line 14, "first voltage" has been changed to --first signal--.

Claim 23, lines 3-5, "a third voltage lower than the first voltage and outputs a fourth signal which is transmitted as the detected third voltage" has been changed to --the power supply reaching a third voltage lower than the first voltage and outputs a fourth signal--.

## REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Claims 22-25 are allowable because the prior art fails to teach or suggest a first circuit which has a first function of executing a series of operational sequences in accordance with an input control signal and second function of not accepting the input control signal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Quan Tra whose telephone number is 571-272-1755. The examiner can normally be reached on 8:00 A.M.-5:00 P.M..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Timothy Callahan can be reached on 571-272-1740. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
